The amendment received 21 October 2004 has been made of record. Claims 1-23, 25-28, 30-35 and 38-41 are pending.

Claims 1-3, 5, 8, 10-17, 19, 20, 25, 26-28, 30-35 and 38-39 are rejected under 35 U.S.C. 102(e) as being anticipated by Wiederhoft et al.

Claims 24-35 and 40-41 are rejected under 35 U.S.C. 102(b) as being anticipated by DE '623 translation.

Each of these rejections are maintained for reasons of record.

Applicants have argued that the Wiederhoft reference fails to disclose dissolving the nanoparticles for the purpose of washing. It is the position of the examiner that the step of reflocculation disclosed at column 5, lines 39-42 renders the solution step of lines 28-32 a washing step.

Applicants have argued that the '623 reference fails to disclose semiconductive materials. Applicants need point out evidence or limitations of record defining "semiconductive" in a manner which excludes the compositions taught by the references.

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any

extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
